

GERMAN SUBMARINE FLEET EXTENDS ITS OPERATIONS SOUTH

AT LEAST TWO GERMAN UNDER-SEA CRAFT HAVE LEFT THEIR MARKS OFF SPANISH COAST

RUSSIANS FIGHT THROUGH SNOW

Battles in the Carpathians Are Very Bitter, Berlin Says—Three Travelers Sunk by Germans.

WAR SUMMARY.

(Associated Press)
Three Tyne trawlers were sunk by the German submarine U-10 yesterday, after the crews were safely away in the small boats of the crafts. The Germans then towed the fishermen toward the Tyne until they encountered other fishing craft which took the men ashore.

The fishermen say the commander of the German submarine was very genial. He supplied them with hot coffee and tobacco and explained, "We have orders to sink everything. It's war, and England started it."

A decided extension in the range of operations by the German submarine fleet is indicated by a Lisbon dispatch to the effect that the German submarine U-24 has been operating off the coast of Spain. The British steamer Southpoint was torpedoed and sunk by the U-28 off Cape Finisterre, five hundred miles north of Gibraltar.

Hostile aircraft yesterday dropped bombs on Mulheim, Baden. Considerable damage was done to war material.

DENY SEPARATE PEACE.

The Berlin dispatch, sent via London, reporting that the Turkish minister of finance, now at Geneva, has been entrusted with the negotiations for a separate Russo-Turkish treaty of peace, has been emphatically denied by both the Russian and Turkish ministers at Rome, Italy.

FIGHTING IS BITTER.

Fighting in the Carpathians is unusually bitter, says a dispatch from Berlin. The Russians are pushing through the deep snow and persisting in their efforts to dislodge the Austrians from the passes and heights that guard the way, without definite success. Petrograd, however, claims substantial results. The Russians assert that they won an important victory over the Germans in Northern Poland.

The crew of the Norwegian bark, Nor, which was torpedoed by a German submarine, was landed today on the Hook of Holland.

Petrograd, April 2.—The Russkoe Solovo says Russia has received through a neutral nation Austrian overtures for a separate peace. The step was taken without Germany's knowledge. The Austrian intentions are apparently sincere. It is believed the overtures are confined to Russia.

Petrograd, April 2.—Taking advantage of an apparent weakness in the German lines west of Warsaw, the Slavs have delivered swift smashes against General Mackensen's forces along a fifty-mile front from the Vistula to Opoczno. Almost hourly since Tuesday morning fresh Russian battalions have hurled themselves on the German trenches, and reports indicate gains at several points. There are indications that an offensive designed to throw back the Germans from in front of Warsaw before the spring campaign opens is about to be launched. It is officially admitted that the Russian losses in the Carpathian battles have been extremely heavy in the last few days. The Austrians, however, are reported to have lost more than 20,000 men near the Lwow and Uzkow passes.

Vienna Claims Russ Halted.

Vienna, April 2.—Despite violent attacks by large bodies of the enemy along the Carpathians, the Russians have been unable to make any important gains, the Austrian war office announces in an official statement this afternoon. Except in the Dukla lowlands the fighting is entirely upon German soil. The war office announced, the Russians having been defeated in every attempt to invade Hungary South of the Dukla, the Russian army that penetrated into Hungary has been unable to advance the positions it occupied in January.

55,800 Captured, Says Berlin.
Berlin, April 2.—The German army in Poland took 55,800 Russian prisoners, nine cannon and sixty-one machine guns in the month of March, the war office announces.

"The situation in the Augustow and the Suwalki districts remains unchanged," the statement continues. "Russian attempts made at night to cross the Rawa river at a point southeast of Skiernewiez resulted in failure and Russian attacks on Opoczno were repulsed."

PHILIP BRAUTIGAN VERY ILL.

Word has been received by Dixon friends or the serious illness of Philip Brautigam, who has been spending the winter in Grand Rapids, Mich. Last week his daughter, Mrs. George Gasman of Chicago, brought him to her home. He is still in a serious condition.

Authorities Say Foot And Mouth About Finished

Over 124,000 Head of Stock Killed and Nearly \$6,000,000 Spent in Fight

(Associated Press)
Washington, D. C., Apr. 2.—While confident that the foot and mouth epidemic that has been sweeping the country for the past six months has now been virtually wiped out, the Department of Agriculture states that it will not relax its vigilance and its effort to prevent future recurrence of the trouble.
More than one hundred and twenty-four thousand animals have been killed by the authorities in the effort to stamp out the spread of the epidemic and the cost has been between five and six millions of dollars. This expense has been shared equally between the federal and state governments.

POLICE MAY CLEAR WALKS AND STREETS

With the return of pleasant weather a number of the business men have returned to the old practice of displaying their wares on the sidewalk. In some instances they monopolize the walk and leave but a narrow path for the use of pedestrians. The police propose to discourage this practice as well as the using of streets to display autos.

"WHITECAPS" RAID NEW BEDFORD HOME AND CHASE ACTOR

HAVE A THRILLING NIGHT IN LITTLE TOWN NEAR LEE COUNTY LINE.

GOSSIP MAKES MAN UNPOPULAR

Attentions to Widow's Daughter Raises Ire of Relatives—Visitor Is Kidnapped and Driven Out.

A "white cap" gang, masked and armed with pistols, raided the dwelling of Mrs. Sarah Newell, a widow residing at New Bedford one night last week, and with threats of tar and feathers, drove from the village Frank Hathaway, a young actor whose name was linked in scandalous gossip with that of Miss Carrie Newell, the widow's daughter and acknowledged village belle.

Hathaway and the girl had spent a season together as members of the Florence La Deska Dramatic company and had returned to New Bedford in October to rest up and prepare for another engagement. It became rumored that Hathaway was a married man and had a wife and two children in New York state.

Gets Threatening Letter.
Hathaway, on Tuesday morning of last week received a letter postmarked "Tampico," giving him a week in which to leave town. The letter was decorated with a "black hand" and a crude drawing of a revolver. At 10 o'clock that night he was routed out of bed, hustled into an automobile, and taken to Manlius by three masked men, who set him down on the edge of town and instructed him to "beat it" back to Broadway. He stayed over night in Manlius, and took an early morning train to Peoria.

The incident has created a sensation in New Bedford. Many prominent citizens are said to have witnessed the raid and the leaders of the mob are said to be relatives of Miss Newell.
Miss Newell accuses her younger sister Mabel of leading the mob into the house. She declares that the attack was inspired by her brother-in-law Heidt King, a farmer residing at Thomas, a village five miles west of New Bedford. They disliked Hathaway, she alleges and did not want him around.

May Sue for Damages.

It is said that Hathaway has consulted two Peoria lawyers and will commence suit for damages against the leaders of the mob. It is also said that the case may be investigated by the grand jury which meets next month at Princeton. It is not unlikely that there will be several well known faces missing from familiar haunts around New Bedford when the grand jury convenes. The matter has not been officially reported to State's Attorney C. N. Hollerich, but he states that he will act if called upon to do so. If proceedings are started it is believed Hathaway will lean towards one for damages.

The village of New Bedford is located in the northwest corner of Bureau county, several miles from any railroad. It is not a great way from the Lee county line, although it is directly south of the east end of Whiteside county. It is a farming community and is made up of 200 inhabitants, many of whom have been prominent in the county's history. It has a Main street, a few struggling stores, two churches and a blacksmith shop and a scattering group of houses of a modest type. It is ordinarily a quiet place with little going on to disturb the even tenor of its way.

Theatricals at New Bedford.

When the Florence La Deska troupe erected their tent on the village common about a year ago and put on such stirring plays as "Out of the Field," "The Sunset Trail or the Heart of an Indian," "Caprice," "Big Jim," and kindred melodramas, the town was excited over the event. The troupe stayed a week. When they left Miss Carrie Newell, who had taken part in a number of home talent performances, joined the show. She became the soubrette and ingenue, playing opposite Hathaway, who took the juvenile leads. The two became warm friends.

When the summer tour of tank towns ended with the arrival of cool weather in October, Miss Newell returned home to New Bedford and Hathaway, being out of a job was invited to be her guest. Mrs. Newell, who earns a livelihood by operating the switchboard at the Farmers' Mutual telephone line, which is stationed in her parlor, extended a welcome to the young man and made no protest as the months rolled by and he showed no disposition to take his departure. He made himself handy about the house and sometimes relieved her at the switchboard.

(Associated Press)
Newport News, Apr. 2.—Two United States tugs arrived here today and moored at the Prinz Eitel Friedrich's pier and Collector of the Port Hamilton and a party of U. S. officials boarded the German converted cruiser.

Inquirers seeking information as to the mission of the tugs' officials were turned back by a guard of U. S. soldiers.

LOCAL OPTION FIGHT OPENS MONDAY NIGHT

FLETCHER DOBYNS OF CHICAGO, WILL BE FIRST SPEAKER FOR DRYS IN DIXON.

The Dry committee gave the press the following announcement:

The local option campaign in this city will be formally opened at the Family theatre next Monday evening at 8 o'clock, when an open meeting will be addressed by Atty. Fletcher Dobyns of Chicago. Mr. Dobyns is one of the most distinguished lawyers of that city and will be remembered as the assistant United States attorney, convicted John R. Walsh and others in famous trials. He has often visited our city, where he has a number of friends, and has spoken here before large audiences. Out of his admiration for Dixon and his desire to make it better and more beautiful, he is giving his valuable services free for this address. In this respect he is like practically every attorney who works for the dry cause. Their labor is gratuitous. Admission will be free, and commencing at 7:15 Manager Plein will give moving pictures, also free. A large attendance is desired.

MRS. PANKHURST IS MORE POPULAR

ENGLISH MILITANT SUFFRAGETTE GETS CHEERS INSTEAD OF JEERS IN LONDON.

London, March 18.—(Correspondence of the Associated Press).—"Patriotic fervor draws thunderous cheers in place of old time jeers," is the way a London newspaper heads an article on Mrs. Pankhurst as a popular war orator. The paper itself is violently anti-suffragette, but honors the war trace which the suffragettes announced at the beginning of the war.

It was only a year ago when a speech by Mrs. Pankhurst was a signal for a riot, if allowed to proceed at all. Now she is described by a reporter in these words:

"A graceful, dignified figure the suffrage leader makes as she faces the audience. Over a becoming black dress she wears a black lace shawl; suspended from a thin gold chain is a locket which she does not use. The Union Jack centered across a curtain of green forms the stage background."

Her women followers still send up floral offerings to the stage, says the reporter. In speaking, Mrs. Pankhurst carefully avoids passion and invective, but she presents her points clearly and tellingly and with conviction. At the finish of her speech, young suffragettes sell post card souvenirs for a patriotic fund.

SMALL FIRE TODAY.

During the past two weeks the fire department has answered a number of calls to roof fires. This morning at 6 o'clock they were called to Fred Thurm's home at 410 Peoria avenue to extinguish a blaze that had started on the roof. A small hole was burned in the roof; the damage will not exceed \$5.

JOLIET MAN WANTS DAMAGES FROM ROAD

SUES S. D. & E. FOR ALLEGED INJURY SUSTAINED IN GETTING OFF CAR.

On a visit to this city August 25 of last year James P. Ford of Joliet alleges that he sustained serious injury to his head by being thrown while getting off a street car in this city on North Galena avenue, and as a result he has, through Attorney John E. Erwin, filed suit in the circuit court against the Sterling, Dixon & Eastern Electric Railway company, in which he asks damages in the sum of \$1,000. According to his bill he alleges that the step of the car did not drop down sufficiently and in attempting to step off the platform his foot struck the edge of the step and he was thrown to the pavement.

PRESCOTT CLARK BUYS BIG OILER

PURCHASES A MACHINE OF 700 GALLON CAPACITY IS SAID TO GIVE SATISFACTION.

Prescott A. Clark of 1017 East Chamberlain street has ordered one of the most modern street oilers on the market. It has a capacity of 700 gallons and sprays the oil on the street under a pressure of 60 pounds. The oiler is similar to others that have been in use and have given satisfaction in such cities as Chicago, Waukegan, Evanston, Milwaukee and Fond du Lac. He expects to have the machine here within a couple of weeks.

Nine years experience in the sprinkling business in Dixon and three years in the street oiling business here and in nearby towns has given Mr. Clark a reputation for splendid work and general satisfaction.
Mr. Clark looks forward to a good year in the street oiling business this year as his prices are right and street oiling has proved to be a fine investment to property owners.

DEKALB HAS A BIG STRIKE

DeKalb Chronicle: DeKalb today was the scene of a real, regular, Hiss-strike. Not only did we have a strike of one trade but several trades went out on sympathetic strikes and the odd spectacles was presented here of workmen quitting work on jobs where they had no grievance and the work stopping, while the work where the strike was called went merrily on without a hitch and not a moment of hesitation.

The strike was called by the local laborers' organization. It seems that the laborers have been getting various prices for their work and some days ago a union was organized of the building laborers, officers elected and a scale arranged for.

At that time a committee was authorized to notify the various contractors of the fact that on and after April 1 of this year the laborers would demand a wage scale of 32 1/2 cents per hour with time and a half she intends to remain in her own residence on East Fellows street.

FAT MEN UNPOPULAR IN WARRING NATIONS

AGAIN SOMEBODY STEPS ON THE POOR, DOWNFALLEN FAT MEN—EAT TOO MUCH.

Cologne, Mch. 18.—Correspondence of the Associated Press.—The thin man is exulted by the Koelnische Zeitung not only as a food saver as compared with the stout man, but as a more active and useful member of society.

The paper says: "The thin man has need of much less food to sustain life than the stout man. Every step we take, every movement, makes a demand on nourishment equal in proportion to the quantity of fat used up in the movement."

"Whoever, therefore, has diminished his weight by ten per cent, for example, diminishes at the same time the quantity of food that he needs by ten per cent."

"Very thin men enjoy a physical vigor and energy that is really extraordinary. Hence in these days when we are constrained to economize in our meals, it becomes at the same time a sacred duty toward the Fatherland and an individual duty to reduce one's food consumption and one's fat."

GERMAN NAMES IN LONDON STREETS.

London, March 18.—(Correspondence of the Associated Press).—War feeling is not likely to obliterate German names from London streets, since the London County Council has turned down a number of petitions on the ground that a sufficient case for an alteration had not been made out. Discontented patriots must therefore continue to live in Berlin Road, Wiesbaden Road, and other streets of German origin.

RUSSIA WILL PAY GERMAN BANKERS.

Berlin, March 18.—(Correspondence of the Associated Press).—German bankers, who had large balances with Russian banks when the war broke out will not even lose the interest on their money. A commission appointed by the Russian Finance Minister to decide on the matter has recently ruled that the banks there are to let the interest on this money accumulate until after the war, when both principal and interest will be repaid.

LATEST IN TELEGRAPHY.

A telegraph machine which is worked like a typewriter at the sending end and the message from which comes out on a printed sheet at the receiving end has been installed in the offices of the Associated Press and at the New York morning newspapers. It is the invention of Chas. L. Krum and Howard L. Krum and furthered commercially by Joy Morton. Hence the name—with the significant emphasis—Morkrum. The efficiency of the new machine is considered to be 50 per cent greater than the mere man operator.

M'ALPINE MAKES LOWEST BID ON NEW COUNTY HOME

BOARD OF SUPERVISORS MET TO OPEN BIDS ON CONTRACT FOR BUILDING HOME.

ADJOURN FOR A HALF HOUR

Sharp Debate Between County Dads At This Afternoon's Session—Bids Above Expected Figure.

BULLETIN, 4:15 P. M.

The Board of Supervisors voted to award the contract for the erection of the new County Home to W. J. McAlpine of Dixon.

The board of supervisors met in a special session this afternoon, when bids on the proposed new county home, to be erected on the county farm near Eldena, were opened. Seven bids were submitted by contractors in various cities and of the number W. J. McAlpine of this city submitted the lowest bid, \$47,250.

The bids were:

Black Hawk Construction Co., of Freeport, \$51,316.
W. M. Allen & Son, Peoria, \$55,798.

Schmidt Bros. Construction Co., of Chicago, \$49,974.
Monmouth-Galesburg Construction Co., Monmouth, \$53,500.

P. H. Lorenz, Moline, \$38,754. (This excluded heating, plumbing and electric wiring). Building complete, \$47,289. If Sacket dome construction is used for roof deduct \$400 from complete bid.

Gus Holmes Construction Co. of Rockford, \$49,302. (If heating, wiring and plumbing is omitted deduct \$8,127).

W. J. McAlpine, Dixon, \$47,250.
There were two bids submitted on the hot water heating plant as follows:

E. J. Claffey Co., Chicago, \$3,402.
C. L. Moore, Davenport, Ia., \$3,520
Referred to Committee.

After the bids had been read John Grove of Willow Creek made a motion that the same be referred back to the special building committee to go into detail and make a report to the open board Saturday morning at 10 o'clock. Supervisor Brucker of Sublette addressed the board and thought it useless to hold the meeting over another day, that the matter could be settled today as well as tomorrow. Mr. Mannion then took the opportunity to call the attention of the board to the fact that all bids exceeded the estimate of the architect, \$45,000. He stated that he would like to hear from States Attorney Edwards as to whether they had any legal right to enter into a contract when it exceeded the estimate. Mr. Edwards replied that he thought it a matter for the board to decide.

Architect Valle was then called upon and he stated that when he made the estimate, it was for the meeting of the board at the December meeting and at that time they were informed they could let the contract at least 10 per cent cheaper than in the spring, when contractors had much work in view. Also that the state board of administration had recommended two or three alterations in original plan, and this alone added from \$2,000 to \$3,000 to the cost of the building. He considered the bids as very reasonable.

After the debate the question was finally put by Chairman Buckaloo of referring the bids back to the special building and for them to report at the open board meeting late this afternoon and at this time it will be for the board to either accept or reject the report of the committee.

DRYS TO ASK FOR STRINGENT RULES

WOULD PROHIBIT THE SALE OF "NEAR BEER, ETC., AND TAKE DOWN SALOON SIGNS IF TOWN GOES DRY.

"Dry" leaders, in an interview today, made known certain conditions they hope to bring about in case the city goes "dry" at the coming city election, April 20th. Two ordinances will be asked by the drys immediately after the election if it goes their way.

The ordinances the city commission will be asked to pass will be, first—an ordinance prohibiting the sale of "near beer," "local option fizz," or any such beverage which is almost but not quite an intoxicating liquor. Second—an ordinance requiring the removal of all signs in front of buildings or on windows bearing the word "saloon," "bar," or beer or whiskey signs of any sort.

The local drys say that Sterling is going to ask for the same sort of legislation there. The drys say they will not attempt to legislate against a man buying liquor and keeping it at home for home consumption, snake bites, etc., but that their efforts will be confined to stopping the retailing of the beverages within the city limits.

IT RUINS HAIR TO WASH IT WITH SOAP
Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulstified coconut oil (which is pure and greaseless), is cheaper and better than soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulstified coconut oil at any pharmacy, and a few ounces will supply every member of the family for months.

FEAR JOHNSON MAY GET HURT SATURDAY

MEN WITH WAGERS ON BLACK MAN TRY TO GET HIM TO CANCEL EXHIBITION BOUT.

(Associated Press)
Havana, Cuba, Apr. 2.—Every man who is financially interested in Jack Johnson, the negro pugilist, in his fight with Jesse Willard for the heavy weight championship of the world, is exerting his influence to induce Johnson to cancel his proposed exhibition bout with Sam McVey at the Stadium on Saturday. It is feared that Johnson may injure himself before his fight with Willard on Monday.

Johnson, however, is obdurate and says he wants to find out how good he is.

Seventy press representatives will be in the ring on Monday—thirty of whom will be from the United States. There will be one thousand complimentary tickets given out and to provide for a possibility of rain, a temporary framework has been built and a tarpaulin can be thrown over the battlers in the ring. The spectators, however, will be unsheltered.

But He Balke on New Fangled Test and Is Fired.

Waukegan, Ill., April 2.—On April 2, 1875, when Grant was president, Thomas Strang was named postmaster of Wadsworth, a small village nine miles northwest of Waukegan.

Presidents have come and gone, new postmaster generals have taken hold, but Strang stuck until Thursday—forty years. He refused to take the new civil service test. Herbert Shea, a younger man, is the new postmaster.

Smart Originality of Design Expresses Parisian Influence in these Wooltex Tailored Coats and Suits

THE handsome suit shown in the picture is a Wooltex adaptation of a recently imported Doucet model and it is representative of many of the charming garments that we are now showing.

Wooltex designs always get their first inspiration in Paris. Even under the handicap of the great war in Europe, Madame Savarie, director of the Wooltex fashion bureau in Paris, paid her accustomed visit to the great Parisian designers with whom she has been familiar for so many years.

The suit illustrated has a 27-inch jacket with the new flare below a partial belt on each side of the jacket, where there is a slash, the open edges of which are trimmed with buttons and buttonholes.

The belt confining the jacket gives the new outline, suggesting a slightly smaller waist-line. There are clever coin pockets in the belt on each side; officer's military collar, overlaid with detachable white pique collar that gives a charming spring-like effect.

The skirt has a fashionable yoke with narrow front panel, finished with nine buttons and worked buttonholes at the top in front where the skirt closes. There is a slight fullness over the hips below a smooth-fitting yoke. Price of this suit, \$25.00.

Many other styles in Wooltex suits at \$25.00, \$30.00 and \$35.00.

Wooltex coats, \$16.50, \$20.00 and \$25.00.

APRIL 2 1915

ON "HIGHER PATRIOTISM."

The old idea that a nation must avenge insults or injuries with instant war becomes ridiculous, says the Elgin News. If a German submarine sinks an American vessel it is a grievous injury. But does it necessitate our going to war and losing our friendly feeling for the German people and begin to hate and kill them? On the contrary it calls for special exercise of patience and the kindly will to wait till the passionate frenzy of war is passed, and then we may expect Germany to answer our complaints with justice. We should never invade a foreign country. But Mexico? Mexico least of all, for the only way we can help the Mexican people, who already fear us, is to approach them as their friends, not by killing thousands of them at the beck of exploiting capitalists.

Would it not have been better worth our while for our president to have put his energy into the straightening out of the crooked and anomalous relations, so that California should not compel us to break our treaties, than to force through his very doubtful shipping bill? We are told in congress that we need immense defenses against our sister nation of Japan. Why? Not because Japan has the slightest hostile intention against the United States, but, frankly, that we may continue with impunity our selfish and quite heathenish course of injustice.

A LUCKY INCIDENT.

It must be accounted a bit of rare luck that the American steamship Evelyn, which was blown up by a mine off the German coast, came to her fate while bound to a German port, loaded with cotton for German industries, and in all probability struck an explosive of German make placed there by the German government, remarks the Philadelphia Record. There can, therefore, be none of those complications which might easily have arisen had she been destined for an English port and fallen a victim to a German submarine or mine while navigating the waters surrounding Great Britain. The issue as to Germany's right to make war upon neutrals while engaged in peaceful commerce would then have come to the front, greatly to the embarrassment of everybody.

Of course, our government has asked for information as to the details of the incident, but if it happened, as reported, in German waters, there can be no trouble in fixing responsibility. Our government, which insured the vessel and cargo, will pay on demand, and the incident will be closed.

ONE PRIMARY WOULD DO AS WELL.

Under the present laws of the State of Illinois it will be necessary to hold a preferential primary in April next year to select candidates for the presidency of the United States and then along in September of the same year the voters will again be asked to go to the polls to register their choice of candidates at another primary; this one to select party candidates for state, congressional, senatorial and county tickets.

Why have two primaries in one year when one would do as well? The consolidation of the two, making one, would save at least a quarter of a million dollars to the tax-payers of this state. A primary for the nomination of all these candidates at the same time could as well be held in April.

People get tired of going to the polls. Especially those who are little interested in politics and who are busy. Fewer election days would mean a bigger vote when election day does come. The present state legislature could amend this law, and it should. Lee county alone would profit several thousand dollars by the amendment.

THE BUSINESS PULLER.

The newspaper is the most efficient means of acquainting the public with the business news of the town. For one person that will learn something about a given store by word of mouth, a hundred will learn about it through newspaper notices.

The advertising columns of a newspaper are read just as attentively as any sensation that may appear in the news columns.

The results of the two policies are obvious.

In one case a merchant drags along alone, with only a small part of the community knowing anything about what is happening in his store.

In the other case, practically every one knows when that merchant has special bargains, and what can be done in his store at any given time.

Can there be the least question as to which kind of merchant gets the business?

EVOLUTION IN NEW YORK CITY.

A poorly-balanced and short-lived man, all brain and no body, is the type developing in New York, "especially among hustling business men," according to the physical director of the West Side Young Men's Christian association in that city. The brain evidently lacks in quality what it makes up in quantity if it permits such an alarming state of things. A better exchange of work and responsibility and leisure—and—pay—between the tired-out and the unemployed is one way out that is being worked toward.—Springfield Republican.

HERE'S AN IDEA, STRICK.

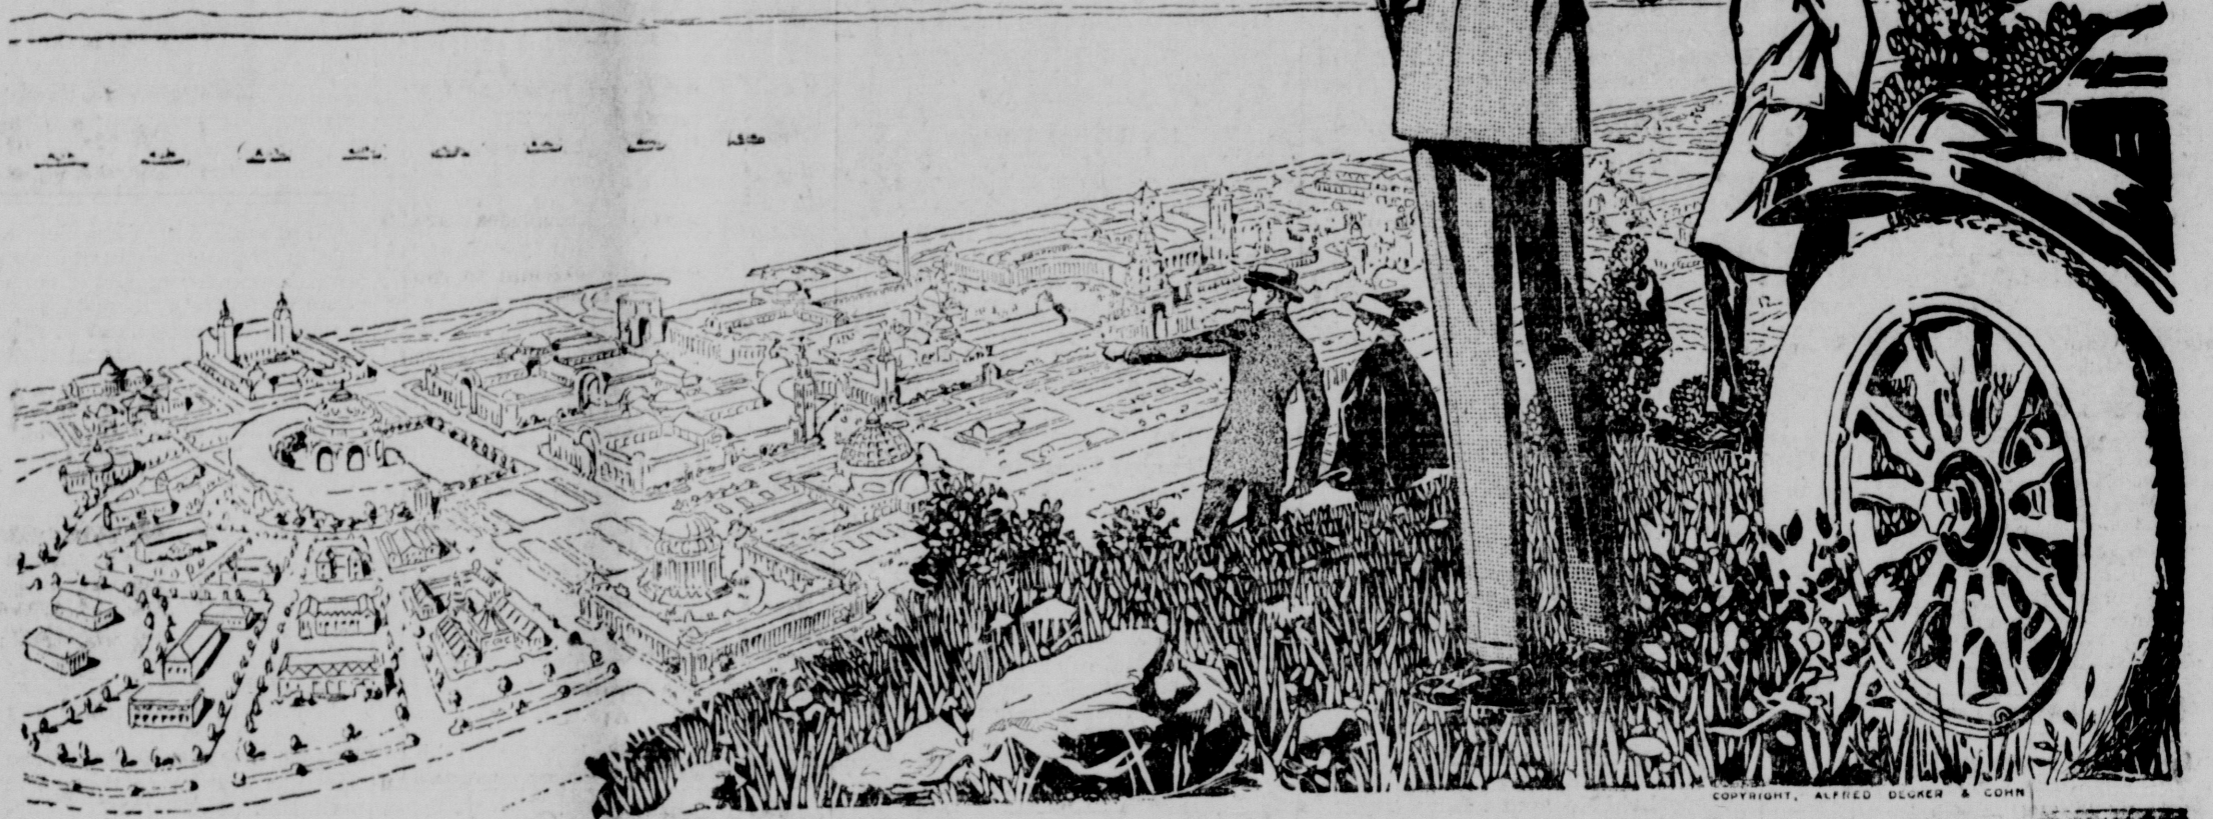

Strickland Gillilan, that genial humorist who is well known to Dixon people, queries, "If there is no such place as hell, where has business gone to?" and a scribe on the Peoria Transcript says, "Well, Strick, old top, has it ever occurred to you that she may have gone Democratic?"

It is a long way to Tipperary all right, but the allied fleet is finding that it is a long, long way to Constantinople.

We can look for better things from April than from March. Anyway, April has a higher standard to live up to.

Bet April First was not much of a joke day in the trenches.

WHAT EDUCATORS ARE STRIVING FOR

AGITATION FOR VOCATIONAL EDUCATION IS NOW ON IN EARNEST.

MEANS HELP TO YOUNG MEN

To Help Boys Between 14 and 18—New Bill is to Help the Masses.

Of the five hundred or more bills to be presented to the Illinois State Legislature, perhaps there is not one which concerns the interests of the entire population more vitally than the educational measure providing for a state system of vocational training. That the bill is in response to a statewide general demand is evidenced by the number and character of its promoters. At the 1913 session of the legislature a vocational education bill prepared by a "Conference of Representatives of Organizations in Illinois," was presented legislative campaign. The public sentiment aroused has found expression in a new bill under the title "A Bill for Vocational Educational on the Unit System." The chief purpose of the new bill is to provide for the establishment and maintenance of agricultural, industrial, commercial and household arts education, is made possible through a system of state-aid provided for in the bill. In principle the state is to enter into

a joint partnership with any local community for the purpose of giving the youth between 14 and 18 years a kind of education which they are most likely to need.

The bill is usually referred to as the "Unit" or "Unit System" bill to distinguish it from a measure emanating from the Chicago Commercial Club, the latter being popularly known as the "dual" or "Cooley" bill. The characteristic feature of the Commercial Club's bill is that it provides for the establishment of a new and separate system of schools maintained by separate funds.

The friends of the "one school system" idea hold that the establishment of another school system would incur unnecessarily large expenditure of money, result in a duplication of work, involve friction in administration and tend ultimately to stratify society. As the State Teachers' Association, the Illinois Federation of Labor, State Federation of Women's club, and other leading organizations have placed themselves on record as unalterably opposed to the "two system" bill and are now solidly behind the "unit system" bill, its success seems very probable.

To Help the Masses. A recent bulletin published by the Illinois State Teachers' Association contains the following significant quotations:

"It has been repeatedly cited that the educational plant of our country represents a billion dollars of value and that the annual maintenance cost alone exceeds \$500,000,000. For several years there has been an increasing dissatisfaction with the returns from this expensive system—out of which there has come an imperative nation wide demand for a more universal and efficient education. There has been in the past decade a somewhat sudden awakening to the fact that our common school system, though unexcelled for the promotion of intellectual culture, fails to meet adequately the life-work needs of the masses of our children."

"Statistics on elimination vary, but it cannot be questioned that more than half of the 25,000,000 of school children of the country fail to receive the minimum education contemplated by our present laws."

"Investigations show that of the 500,000 boys and girls in the state between the ages of 14 and 18, only 79,000 are enrolled in the public schools. In Chicago, which surely has one of the best school systems of the country, 43 per cent of the children never reach the eighth grade and 49 per cent never complete it."

GERMAN SHIP HAS ESCAPED

Hamburg-American Steamer Macedonia Evades British Cruiser.

Madrid, April 2.—(Via Paris.)—Telegrams from Las Palmas, Canary Islands, say the Hamburg-American steamer Macedonia has succeeded in evading her escape, and, evading British cruisers, has sailed for South American waters. The Macedonia is laden with supplies believed to be intended for German warships. The Macedonia interned at Las Palmas on Nov. 13. She was reported to have slipped out of the harbor there March 18, but this was denied, and subsequently there were conflicting reports about her.

JOKE RESTORES HIS SPEECH.

Trenton, N. J., April 2.—Although doctors had failed to restore his voice, Charles Kateza of Allentown, can talk today, as the result of a humorous story told to him by City Engineer Swan.

Kateza, an iron moulder by trade, was injured about a year ago in a Brooklyn plant. He became unable to talk. He was brought to Mercer hospital for treatment. City Engineer Swan has also been a patient there, and the other night they were sitting together. Swan told a funny story. A little later Katerza went to bed and other patients were awakened by hearing him laugh. It appears that he dreamed of the joke, laughed in his sleep, and upon becoming awake found he could talk.

NO MARKETS TODAY.

Because of the fact that today is Good Friday, the Board of Trade was closed and there are no market reports.

A SURE WAY TO END DANDRUFF

Stop Falling Hair and Itching Scalp—At Once

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve, and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it.

MAY BE SUBMARINE FEEDER

Dutch Ship With Fuel Oil Caught by British Torpedo Boats.

London, April 2.—A dispatch to the Exchange Telegraph company from New Haven, a port in the English channel in Sussex, says a large Dutch cargo boat, the Lodewijk Van Nassau, has been brought into New Haven by two British torpedo boats under the suspicion that she has been supplying German submarines with fuel oil. The torpedo boats gave chase to the Lodewijk Van Nassau and captured her near Brighton.

It is said the members of her crew appear to be Germans. The name of the vessel is painted on each side in huge letters. She has a cargo of oil on board and this is being examined. When hailed by the British torpedo boat the Dutch steamer refused to stop, but she eventually was brought to a halt.

Huerta Coming Back?

Washington, April 2.—General Victoriano Huerta sailed from Spain. He is on his way to Mexico to start a new revolution, according to rumors. The news that the former ruler of Mexico was coming back left administration official cold. They fear his return may mean going back to the first tangle in the Mexican skein and beginning all over again.

BANDIT FOILED BY TIME LOCK

He Binds Cashier in Early Morning but Gets no Further.

Marion, Ill., April 2.—Posses are searching for the lone bandit who made an unsuccessful attempt to rob the State bank of Johnston City, this county.

The man entered the bank at 5 o'clock and, overpowering the janitor, tied him and gagged him. Shortly after 7 o'clock Cashier J. Gahn entered. He was met by two large revolvers and a command to "Be quiet and obey orders." He was bound and the telephone wires were cut. The vault door has a time lock and after trying to get it open and failing the bandit left.

They Call It "Social" Work.

Springfield, Ill., April 2.—Twenty-six political meetings, all held in the public schools, is the record that the schools are making this week as social centers. Great crowds are flocking to the meetings, the different factions taking turns about using the school buildings.

ONLY SIXTEEN, GIRL VERY SICK

Tells How She Was Made
Well by Lydia E. Pinkham's
Vegetable Compound.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."
—Miss AMELIA JAQUILLARD, 3961 Tchoupitoulas St., New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because I was troubled with suppression and had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked like a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them."
—Miss ESTELLA MAGUIRE, 110 Thwing St., St. Clair, Pa.

There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

MARRIAGE LICENSE ON TEN DAYS' NOTICE.

Amboy News: A bill introduced in the state legislature by Representative Holiday provides that upon receiving an application for marriage license, the county clerk shall give a ten days' notice to the public of such application before granting the license.

It is asserted the passage of the bill will prevent the elopement and marriage of minors and will also prevent elopements with undesirable since ten days will be given in which to investigate.

It is argued this measure will prevent drunken marriages; that the divorce courts alone can tell many tales of such unhappy marriages.

Representative Holiday also asserts that it will prevent hasty marriages because of a dare and will also make it impossible for runaway or hasty marriages of any sort, giving ten days for reflection and ten days in which any one knowing valid reasons for objection may register the objections.

Dramatic Notes

OPERA HOUSE.

"Valor's Reward," two reel Eclair drama featuring George Larkin and Edna Payne, replete with thrilling incidents and situations. Mounted officer reaches heiress hanging head downward from fire escape. Taxi dashes over embankment and kills two gangsters. A hair-raising film from start to finish.

"A Matter of Parentage" is the one reel drama, a Powers, featuring Sidney Ayres and Doris Pawn. A story of the western oil fields intensely interesting.

"Dude Raffles" is the comedy, a Sterling. Twenty minutes of laughs. Good wholesome humor throughout.

PRINCESS THEATRE.

Tonight the Princess has a two reel Domino feature entitled "The Mill by the Zuyder Zee" with Frank Borzage, Margaret Thompson and Marshall Mayall in the leading roles, a thrilling story of love and adventure in Holland. The photography work and the stage settings in this picture are very picturesque and resemble very closely scenes in old Holland. The other reels are the "Mutual Weekly" showing the latest scenes from the war zone together with the current events through the world, and a comedy entitled "Caught by the Handle," one that is said to be very funny.

FAMILY THEATRE.

The bill at the Family theatre, which began Thursday night, is one of unusual interest and merit.

The first act, "Rico," accordion player, was a pleasing feature. Popular selections were rendered in a brilliant and finished manner.

Maley & Mack are an English team who proved themselves skilled performers in their line. Mr. Maley is a wonderfully clever acrobatic dancer and gained much applause by his eccentric feats.

The chief act of the performance was the sketch, "Get the Money" by Lawrence Coghlan & Co. with Miss Louise Dunbar. This was something quite different from the usual hackneyed vaudeville sketch.

Clever in plot and of absorbing interest, it held the attention of the audience from the first line to the climax.

All the parts were well sustained. Especial interest was felt in Mr. Coghlan, a former Dixon boy, who some years ago left here to follow the theatrical profession and has since been playing in the eastern states.

Miss Dunbar played her part in a charming and forceful manner, and is an actress of marked ability, having played the leading role in the production of "The Light Eternal," then under the management of Mr. M. E. Rice of this city.

Pictures tonight are "The Swindler," in two acts, and "Wanted, a Nurse," a comedy.

BRINTON MAKES A STATEMENT TO VOTERS

BOND ISSUE FOR PAVEMENT TO COLONY IS VERY IMPORTANT QUESTION.

WAS ROAD PLEDGED TO STATE

If Dixon Township Appreciates Value of Colony Its Voters Will Vote For the Bond Issue.

Mayor W. B. Brinton gave the following statement to the press today. It deserves the earnest consideration of every voter in Dixon Township:

The voters of Dixon Township are asked to authorize an issue of bonds for a brick pavement from the city limits on North Crawford avenue to the entrance of the State Colony on the Hazelwood road—a distance of about a mile.

Before the State Board of Administration would agree to locate the Colony at Dixon it was necessary for me to promise that the City, Township and local Street Railway Company, would co-operate with them to the extent of providing adequate transportation facilities. Possibly it may seem to some that I exceeded my authority in doing so, but to my mind the advantages to be gained for our community were so great that there could be no question of the wisdom of meeting these very reasonable requirements. So far, the citizens of Dixon and the railway officials seem to have agreed with me in this matter, for the necessary arrangements have been made to fulfill every promise made—up to the city limits. There remains only one thing more—to approve this bond issue for the pavement from the city limits to the Colony. If that is done, we shall have made good every agreement in connection with this matter.

The State will spend here during the next few years, several millions of dollars—eventually the Colony will be one of the greatest institutions of its kind in the United States, if not in the world. It will be a great asset for our community and I sincerely hope the results of next Tuesday's election will show that the voters of Dixon Township appreciate the fact.

W. B. BRINTON,
Mayor.

GOES TO MONROE.

Rev. Dixon will go to Monroe, Wis. this evening to conduct the funeral service of Dr. M. Saucerman, formerly of Rock Grove, Ill., tomorrow morning and will return in the evening.

RUSSIANS AIDING CHRISTIANS

Turks Lose 12,000 in Battle in Northwestern Persia.

Tabriz, Persia, April 2.—(Via Petrograd.)—Hostilities between Russian and Turkish forces in Persia have been resumed. March 25 the Russians defeated the Turks in a sanguinary battle at Atkurtur, north of Dilman, in northwestern Persia. The Turks lost 12,000 in killed, wounded and prisoners, as well as many guns.

Preceding the recapture by the Russians of Salmae plains, in Azerbaijan province, northwest of Urumiah, hundreds of native Christians were rounded up by the Turks in the village of Haftedwan and massacred. Many of these were searched out from the homes of friendly Mohammedans, who tried to hide them. The Russians on entering the village found 720 bodies, mostly naked and mutilated. The recovery of bodies from wells, pools and ditches and their burial kept 300 men busy for three days.

EITEL IS LOADED WITH BEER

Captain Places Aboard 50,000 Bottles of Effervescing Fluid.

Washington, April 2.—If the Prinz Eitel Friedrich, the German sea raider that is moored to a dock at Hampton Roads, takes a chance with the British cruisers lying off the Virginia capes instead of interfering for the war, she will go out with 50,000 bottles of beer, or 100 bottles for each of the 500 men aboard.

Secretary Daniels, who is "dry" as a bone personally, and has barred alcoholic drinks from naval vessels, gasped when he looked over the beer item in the amended requisition submitted by the board. However, the secretary found that while the international regulations placed a limit on the amount of coal and food supplies that might be shipped by a belligerent vessel about to leave a neutral port, said rules were silent as to beer.

SUMMING UP THE EVIDENCE

MANY DIXON PEOPLE HAVE BEEN CALLED AS WITNESSES.

Week after week has been published the testimony of Dixon people—kidney sufferers—backache victims—people who have endured many forms of kidney, bladder or urinary disorders. These witnesses have used Doan's Kidney Pills. All have given their enthusiastic approval. It's the same everywhere, 30,000 American men and women are publicly recommending Doan's—always in the home papers. Isn't it a wonderful convincing proof? If you are a sufferer your verdict must be "Try Doan's first."

Here's one more Dixon case.

W. H. Gillespie, 711 Nachusa ave., Dixon, says: "My back often gets so lame and sore that it is painful for me to stoop over. I have headaches and dizzy spells; whenever any of these attacks come on, I use Doan's Kidney Pills, and they promptly remove the pain in my back and relieve the headaches and dizzy spells."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gillespie had. Foster-Milburn Co., Props., Buffalo, N. Y.

DARING AIR ATTACK ON SUBMARINE BASE

British Aviators Successfully Drop Bombs at Two Points.

London, April 2.—Aeroplane attacks on German submarine at Hoboken and Zeebrugge, Belgium, have been accomplished successfully, the British admiralty announces. The following statement was given out:

"The following report has been received from Commander A. M. Longmore, R. N.: 'I have to report that this morning Flight Sub-Lieutenant Frank G. Andreae carried out a successful air attack on the German submarines which are being constructed at Hoboken, near Antwerp, dropping four bombs. Also Flight Lieutenant John P. Wilson, while reconnoitering over Zeebrugge, observed two submarines lying alongside the Mole and attacked them, dropping four bombs with it is believed, successful results. These of ficers started in the moonlight this morning. Both pilots returned safely.'

FRENCH SHIP SUNK; NO WARNING GIVEN

Nineteen of Crew on Torpedoed Steamer Drown.

London, April 2.—The French steamer Emma, bound to Bordeaux, was torpedoed Wednesday in the British channel off Beachy Head by a German submarine. Nineteen members of her crew were drowned, only two being saved.

The two survivors have been brought into Dover. They had been picked up in the channel. The ships that brought them in also had on board the bodies of two other members of the crew. The steamer was on her way to Bordeaux when she met the submarine.

The periscope of the submarine had hardly been sighted from the Emma when the torpedo from the undersea boat struck the Emma in the engine. The ship foundered in three minutes from the time she was struck.

A British destroyer subsequently picked up two men, who had been in the water for a couple of hours, and at the same time recovered two bodies. The Emma had a crew of twenty-one men.

TO PUBLISH U. S. NOTE 7TH

Britain Asks Delay in Giving Out the American Document.

Washington, April 2.—At the request of the British foreign office the American note on the order in council, instead of being published simultaneously this morning in the United States and England, will not be published until the morning of Wednesday, April 7. It was explained that the week end and the Easter holidays in England made the postponement desirable.

The American note to Germany over the destruction of the American sailing ship William P. Frye by the German raider Prinz Eitel Friedrich has been dispatched to Berlin. The representations of the United States concern only the vessel and do not discuss the question of cargo, which the state department is convinced was not American owned. The note contends there was no justification for the sinking of the Frye; that a neutral vessel carrying a cargo of wheat not confessedly contraband was sunk when a release of the vessel would have involved no vital consequences to the Prinz Eitel Friedrich.

JOHNSON WOULD GIVE ODDS

Negro Is Confident He Will Win Battle Next Monday.

Havana, Cuba, April 2.—Jack Johnson offers to bet \$20,000 to \$15,000 that he will beat Jess Willard here next Monday afternoon. He is not advertising the fact that he wants to place such a big sum, but has it for any one who asks for it.

The big negro says that he weighs 228 pounds, but he looks bigger. He thinks he is fit to go a thousand rounds. His last training will be six rounds of boxing on Saturday.

St. Paul, Minn., April 2.—Senator E. J. Westlake's bill providing for the union of St. Paul and Minneapolis was passed by the senate.

"BROADWAY BATH"

I's put out for a high class soap, it has a high sounding name and is made by a reliable company but the special feature of it is that they put out with it a rubber wash cloth which they claim is worth 25c, while the soap is 15c a cake. In introducing it, they now give the soap and rubber wash cloth for the price of the soap, 15c.

Try it, it is the only way we know of testing it and seeing if it is going to be a winner. Will gladly show it to anyone.
